DETAILED ACTION

EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with John Molnar on April 28th, 2004.

The application has been amended as follows:

On line 26 of page 11, "disks.." should read "disks."

2. The following changes to the drawings have been approved by the examiner and agreed upon by applicant: A "Prior Art" label should be added to figure 7. In order to avoid abandonment of the application, applicant must make these above agreed upon drawing changes.

Allowable Subject Matter

3. Claims 1-13 are allowable over the prior art.

4. The following is an examiner's statement of reasons for allowance:

With respect to claim 1, Horton et al 5,841,132 and Horton et al RE37,969 E both disclose optical displacement sensors with disks (10, 12) and detector arrays (22). Data processor (24) is used to analyze the signal received in array (22). However, the prior art does not disclose the use of the detected image to determine the position of the

center of the modulating element. As a result, independent claim 1 and dependent claims 2-13 are allowable over the prior art.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Conclusion

5. The prior art made of record and not relied upon is considered pertinent to applicant's disclosure.

Kita 4,654,524 and Takagi et al 5,438,193 disclose rotary encoding apparatuses.

6. Any inquiry concerning this communication or earlier communications from the examiner should be directed to Patrick J. Lee whose telephone number is (571) 272-2440. The examiner can normally be reached on Monday through Friday, 8:00 am to 5:30 pm.
